Eric is the son of the great Joe Scheidler, the Father of the PRO-LIFE Movement! He lives in Aurora, Illinois with his wife and 8 children where he leads the battle for the ubiquitous PLANNED PARENTHOOD from opening America's largest DEATH CAMP. Eric can speak on any number of topics. When he spoke for DEFEND LIFE, several years ago, his topic was *Fighting Abortion in Europe*, which was based on his travels in Belgium and Germany. Like his dad, Eric is a powerful inspirational speaker and would be a great hit at your parish or K of C Council.

Alan Keyes is easily one of the most gifted orators in American History and understands the History of America like few others, He is 63 years old. Born in Long Island, he matriculated at Cornell later transferring to Harvard where he received both his undergraduate and doctorate degrees. Working for the State Department, he assisted U.N. Ambassador Jean Kirkpatrick. Later he served in India where he met his future wife, Jocelyn, as well as in Zimbabwe. Later he served under President Ronald Reagan representing America at the United Nations.

November 13 & 14

No person in America better understands the wrongs being perpetrated by Obama. Alan Keyes first encountered Obama when he ran in 2004 as a stand-in candidate against him in Illinois for the U.S Senate seat ultimately won by Obama. When Obama ran for President in 2008, Alan Keyes was one of the few Americans who was exposing Obama's Marxist background. Nobody in America is any more solid than Alan Keyes on such issues as Abortion, Stem Cell Research, so-called Same Sex Marriage, and Illegal Immigration. He has authored 5 books and co-authored 2 books. One of his most interesting books that must be read by serious PRO-LIFERS is *Masters of the Dream: the Strength and Betrayal of Black America*. Visit his most interesting website *LoyalToLiberty.com*.
