## Saving America... Before It's Too Late

America is at a crossroads, embroiled in cultural chaos, moral breakdown, and political turmoil. We've suffered devastating setbacks on the vital fronts of faith, family, and freedom. Yet, in the midst of this toxic climate, the PRO-LIFE movement is making significant gains — especially at the local and state levels. In this hope-filled presentation, David will reveal how your role in the PRO-LIFE movement is crucial — not only to saving lives, but also to saving America for our children and grandchildren.
